WEIGHT:

64 lbs.
90 lbs.
106 lbs.
121 lbs.
140 lbs.

PARTS FOR ASSEMBLY:

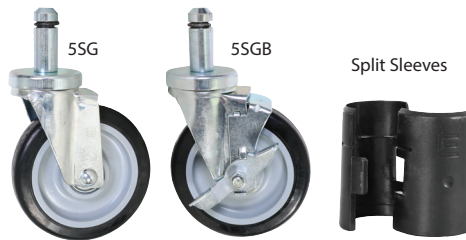

- (4) 5" Caster
- (4, 6 or 7) V-Shelves
- (4) Posts
- (16, 24 or 28) Split Sleeves

TOOLS NEEDED:

- Rubber Mallet

Approx. Assembly Time: 15 minutes.

**Assembly Time May Vary*

1. Insert each 5" casters into the bottom of the posts provided using a rubber mallet.
2. From the caster up, place the first shelf on the first line at the bottom of the post. Then, on the post snap (2) split sleeve pieces on to that line. The grooves on the inside of the split sleeves will sit into the line on the post. **Note:** Make sure the tapered end of the slip sleeve is facing upward.
3. Slide the 4 posts through the bottom of the first shelf until seated firmly onto the split sleeve and tap into place with mallet. You can then stand up the unit.
4. Go up 8 lines (double lines count at 1) and attach the next set of split sleeves (on the 9th line) on to the posts. Drop the next shelf into all 4 posts and set over the split sleeves.
5. Repeat until all shelves are installed (4, 6 or 7 shelves depending on what size unit you purchased).
