

RESPONDER WIPES

Studies linking dermal absorption of hydrocarbon contaminants and increased cancer risk have highlighted the need for a personal cleaning solution that's available to firefighters while still at the scene.

Responder Wipes® have been designed and formulated specifically to meet firefighters unique needs.

Infused with Micellar Water, the wipes effectively clean dirt, oil, soot and other hydrocarbons from the skin. Micelles not only removes toxins and contaminants but also returns much needed hydration to the skin that is lost while working in hot and demanding conditions.

Their convenient packaging options reduce waste and makes Responder Wipes® perfect for use while still attending an incident.

This "must have" product is available in the "chief's pack" of 16 individually wrapped, extra large (30 x 60cm) wipes or the "Captain's Pack" of 16 individually wrapped, large (20 x 30cm) wipes.

A. SPECIALLY FORMULATED: Thick 80gsm wipes that do not shred, tear or ball includes Micellar Water, an innovative cleansing compound that effectively dissolves hydrocarbons while returning much needed hydration to parched skin.

B. SIZE: Extra large RW13160 (i), a carton of 16 Individually packaged, 30 x 60cm wipes. Medium RW13355 (ii), a carton of 16 Individually packaged, 20 x 30cm wipes.

C. THICKNESS: 80gsm wipes that do not shred, tear or ball.

D. SHELF LIFE: 3 years.
