

FIXED WAND FIRE DRIP TORCH

The Surefire Fixed Wand Fire Lighter is an excellent tool for burning out and fire line ignition.

The Surefire has a wand manufactured from 12mm stainless steel and a fibreglass filled wick covered with galvanised perforated steel sheeting.

Due to the Surefire being fitted with an anti-flash loop and non-return valves, its safety is second to none.

The drip torch is painted shamrock green to be in line with the AFAC approved colouring for fuel storage containers.

- Runs on 25% Petrol (Gasoline) and 75% Diesel
- 4.5 Litre Capacity
- 12mm stainless steel and a fibreglass filled wick covered with galvanised perforated steel sheeting
- Shamrock green in line with AFAC approved colouring for fuel storage containers
